Legal Notice for Scoping and Comment
Gunsight-Humbug Ridge
Siskiyou Mariposa Lily
Integrated Pest Management Project

The Forest Service is preparing an environmental assessment (EA) for the proposed Gunsight-Humbug Ridge Siskiyou Mariposa Lily Integrated Pest Management Project, and we are asking you to provide scoping comments. The Gunsight-Humbug Ridge Siskiyou Mariposa Lily Integrated Pest Management Project was developed to address the widespread non-native invasive species infestations that continue to threaten the Siskiyou Mariposa Lily. Enclosed is a detailed description of the project proposal with maps. Proposal information is also available on Klamath National Forest's project webpage at: www.fs.usda.gov/project/?project=53734.

Comments received within 30 days of the legal notice being posted in the Siskiyou Daily News are assured consideration in the next phase of project planning.

This project is subject to comment pursuant to 36 CFR 218, Subparts A and B. Only those who submit timely project-specific written comments during a public comment pe-

riod are eligible to file an objection. Individuals or representatives of an entity submitting comments must sign the comments or verify identity upon request. Comments received, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection (40 CFR 1501.7 and 1508.22; Forest Service Handbook 1909.15, Section 21).

It is important to us that reviewers provide their comments within the deadline and in a manner that comments can be used for the agency's preparation of the EA. For example, think about the following questions and provide comments about the "what" and "why": (1) what information would you like us to provide and why; (2) what concerns do you have about the proposal and why; and (3) what changes should we consider in our project design and why. These questions and your participation will help us refine the proposal and help the interdisciplinary team develop effective, issue-driven alternatives and mitigations to the proposed action as needed. In order for referenced material to be considered, commenters should supply referenced literature and discuss its relevancy to the project as part of their comments.

Submit electronic comments on the Klamath National Forest's project webpage: www.fs.usda.gov/project/?project=53734 by selecting the "Comment on Project" link in the "Get Connected" group at the right hand side of the project webpage. Put the project name in the subject line; attachments may be in the following formats: plain text (.txt), rich text format (.rtf), Word (.doc, .docx), or portable document format (.pdf).

Written comments can be submitted via fax 530-841-4571 or mailed to Ted McArthur, ATTN: Erin Loneragan, 1711 S Main St., Yreka, CA 96097, or hand-delivered during normal business hours (8am to 4:30pm Monday-Friday, excluding holidays). For oral comments or for more project information contact team lead Erin Loneragan at 530-841-4403 or erinloneragan@fs.fed.us.

NOTICE OF PUBLIC HEARING

The Siskiyou County Planning Commission will hold a Public Hearing on Wednesday, August 15, 2018, at 9:00 a.m., in the Board of Supervisors' Chambers, Siskiyou County Courthouse, 311 Fourth Street, Yreka, California on the following item:

PFAHL VACATION RENTAL USE PERMIT (UP1808)

The project is a proposed conditional use permit to convert an existing single-family dwelling into a vacation rental. The project site is located at 241 Cadorna Ave., in the community of McCloud, Siskiyou County, California; Township 39 North, Range 3 West, Section 1, MDB&M (Assessor's Parcel Number 049-281-040).

It is anticipated that the proposed use permit will be determined to be categorically exempt from the California Environmental Quality Act

(CEQA) pursuant to Section 15301 of the CEQA Guidelines. A "categorical exemption" implies that the project will not result in any significant adverse environmental effect. The Planning Commission will consider the appropriateness of said environmental recommendation based on the record of evidence before them. If substantial evidence has been presented demonstrating a more appropriate environmental determination than the one that has been recommended, the Planning Commission may require and/or approve an alternative environmental determination pursuant to the requirements of CEQA.

All project documents are on file at the Planning Division of the Siskiyou County Community Development Department and are available for public review. All interested persons are invited to attend the meeting and be heard on any agenda item. In addition, a staff report and all attachments will be available for public review three working days prior to the Planning Commission meeting either at the Planning Division office or online on the Siskiyou County website in the Planning Division's public documents section found at www.co.siskiyou.ca.us/page/planning-division

All items presented to the Planning Commission during a public hearing, including but not limited to, letters, e-mail, petitions, photos, or maps, become a permanent part of the record and must be submitted to the Clerk of the Commission. It is advised that the presenter bring 12 copies of anything presented to the Commission and that the presenter create copies in advance for their own records. If you challenge the categorical exemption and/or use permit in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to Planning prior to or at the public hearing.
